

**Bunker Adjustment Factor (BAF)**

Bunker surcharge refers to floating part of sea freight charges which represents additions due to oil prices.
Shipping lines now set their own independent BAF rates. They will be closely monitored by the EC to ensure that no collusion is taking place.

More information on oil price developments: <http://www.bunkerworld.com/markets/prices/>

Surcharge on material number

10061 - FCL
10062 - LCL

LSS

10051 - FCL
10052 - LCL

Valid from 01.02.2017

Liner Buisness
