**Nitric oxide (NOx) adjustment 2019**

**Dear customer,**

From 1.1.2019 the NOx Fund increases the payments rates. Due to this, Eimskip Norway will increase the NOx adjustment factor from 2,5% to 3,0% of Seafreight. The new NOx adjustment factor will be valid from 01.01.2019.

Wish you all a Happy New Year.
