# Endorsement and Statement by the Board of Directors and the CEO

Eimskip is a leading transportation company in the North Atlantic providing container and reefer liner services with connections to international markets and is specialized in worldwide freight forwarding with focus on frozen and chilled commodities. Eimskip offers its customers a broad range of services related to shipping, logistics and supply chain management solutions on land, sea and air. Eimskip currently operates 57 offices in 20 countries. The Condensed Consolidated Interim Financial Statement of the Group includes the financials of the parent company and its subsidiaries. The Group consists of a total of 62 companies. The Company operates branch offices in Denmark, Germany, Netherlands, Norway, Poland and the UK.

The Condensed Consolidated Interim Financial Statements of Eimskipafélag Íslands hf. and its subsidiaries (together referred to as "Eimskip" or the "Group") for the period 1 January to 30 June 2025 are prepared and presented in accordance with International Financial Reporting Standards (IFRS) for Interim Financial Statements (IAS 34) as adopted by the EU and additional requirements for listed Icelandic companies. The Financial Statements are presented in thousands of EUR. The Condensed Consolidated Interim Financial Statements have not been audited or reviewed by the Company's independent auditors and should be read in conjunction with the Group's Annual Consolidated Financial Statement as at and for the year ended 31 December 2024.

Net earnings for the first six months of the year 2025 amounted to EUR 3.7 million according to the Consolidated Income Statement. Total equity on 30 June 2025 amounted to EUR 296.7 million according to the Condensed Consolidated Statement of Financial Position.

#### Operations and significant matters

The company introduced new reporting segments as of the first quarter of 2025. Eimskip had two reporting segments: Liner Services and Forwarding Services. As of 2025 the segments will be three; Liner Services, Forwarding Services and Logistics and Agency. The hope is that this will lead to a better understanding of the underlying operations of Eimskip and a clearer picture of the company's performance. Further information about the business segments can be found in note 6.

In the second quarter of 2025, revenue amounted to EUR 2011 million and decreased by EUR 6.1 million from the previous year. Development of revenue was different across the three business segments. Liner revenue increased moderately by EUR 3.9 million. Forwarding revenue decreased by EUR 8.8 million, which was mainly driven by a significant decrease in global freight rates coupled with lower volume in addition to less project cargo than last year. Revenue in the Logistics and Agency segment decreased marginally or by EUR 1.1 million. Trucking revenues were strong while warehousing revenue were stable and terminal revenue softened.

Total operating expenses decreased by EUR 3.8 million, from EUR 183.6 million in the second quarter of 2024 to EUR 179.9 million in the second quarter of 2025. Salary expenses increased by EUR 3.8 million or 10% YoY. This was driven by an increase in collective wage agreements, a backdated one-off contractual correction of EUR 0.3m and currency differences of EUR 0.8m. Adjusted for those factors the increase is 6.9% YoY and more in line with expectations. The cost of third-party logistics services remained the single largest cost item and decreased by EUR 8.0 million, mostly attributed by reduction in third party freight expenses as global freight rates decreased considerably YoY. Bunker cost decreased by EUR 2.9 million due to lower bunker prices and lower consumption despite ETS cost increasing by EUR 0.6 million fueled by implementation of the ETS charge increasing from 40% to 70% at the beginning of 2025. Liner and equipment expenses increased by EUR 2.0 million.

EBITDA in the second quarter amounted to EUR 21.2 million, a decrease of EUR 2.3 million from the previous year. Depreciation increased by EUR 0.6 million. Net finance expenses decreased by EUR 2.0 million to EUR 0.6 million due to favorable currency differences in the quarter. However, negative currency development in affiliates resulted in EUR 2.6 million less contribution from affiliates although underlying operations are performing well and Eimskip received a EUR 12.9 million dividend payment in July.

The outlook for the coming months is stable compared to previous months. The effect of the global US tariffs is added to the uncertainty including the ongoing Red Sea diversion on volume and global freight rates. The Suez Canal, a vital trade corridor between Asia and Europe, has since December 2023 experienced a major blow by militant attacks on commercial vessels. This has effectively closed the canal for commercial sea traffic, increasing transit times and negatively affecting turnaround times of vessels and containers. The freight rates on Asia connected trade lanes subsequently rose sharply in early 2024 although rates have declined in 2025 compared to same period in 2024. Eimskip's specialization in reefer logistics provides an advantage as frozen and refrigerated goods are generally less affected by economic cycles.

Despite the mixed global macro-economic outlook, Eimskip is well positioned in its home market in the North Atlantic, with focus on transportation of frozen and chilled commodities. The Company remains operationally focused and cost conscious but after a long period of high interest rates and inflation one of the challenges that the company faces is that the contractual wage increases in Iceland have increased more than revenue from the same period last year. At the same time Eimskip is committed to business development to support sustainable growth that is built on strong relationships with all stakeholders.

The Annual General Meeting approved a dividend payment to shareholders equal to ISK 13.33 per share to shareholders. The dividend payment amounted to ISK 2.2 billion or EUR 15.3 million. The payment date was 29 April 2025. Please refer to note 15 for further information.

### Statement by the Board of Directors and the CEO

According to the best of our knowledge, it is our opinion that these Condensed Consolidated Interim Financial Statements give a true and fair view of the financial performance of Eimskip for the six months ended 30 June 2025, its assets, liabilities and consolidated financial position as of 30 June 2025 and its consolidated cash flows for the six months period ended 30 June 2025.

The Board of Directors and the CEO have today discussed the Condensed Consolidated Interim Financial Statements of Eimskipafélag Íslands hf. for the period 1 January to 30 June 2025 and confirm them by means of their signatures.

Reykjavík, 26 August 2025.

## 1. Reporting entity

Eimskipafélag Íslands hf. reg. no. 690409-0460 (the "Company" or the "Parent Company") is a public limited liability company domiciled in Iceland. The address of the Company's registered office is Sundabakki 2, 104 Reykjavík. The Condensed Consolidated Interim Financial Statements of the Company for the period 1 January to 30 June 2025 comprise the Company and its subsidiaries (together referred to as "Eimskip" or the "Group"). The Parent Company is an investment company focused on investments in shipping and logistics services. The Company's shares are listed at Nasdaq Iceland.

## 2. Basis of preparation

### a. Statement of compliance

The Condensed Consolidated Interim Financial Statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the EU for interim financial statements (IAS 34) and additional Icelandic disclosure requirements for consolidated financial information of listed companies in accordance with Icelandic Financial Statements Act No. 3/2006 and rules for issuers of financial instruments on Nasdag Iceland.

The Condensed Consolidated Interim Financial Statements do not include all of the information required for a complete set of IFRS financial statements and should be read in conjunction with the Consolidated Financial Statements of the Company as at and for the year ended 31 December 2024, which is available on the Company's website, www.eimskip.is, and in the Company's news release distribution network of Nasdaq Nordic.

These Condensed Consolidated Interim Financial Statements were approved and authorized for issue by the Company's Board of Directors on 26 August 2025.

#### b. Functional and presentation currency

These Condensed Consolidated Interim Financial Statements are presented in Euro (EUR), which is the Company's functional currency. All financial information presented in EUR has been rounded to the nearest thousand.

## 3. Significant accounting policies

The accounting policies applied in these Condensed Consolidated Interim Financial Statements are the same as those applied in the Group's Consolidated Financial Statements as at and for the year ended 31 December 2024. IFRS standards effective as at 1 January 2025 had immaterial effects on the Consolidated Interim Financial Statements.

# 4. Use of estimates and judgements

The preparation of the Condensed Consolidated Interim Financial Statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets. liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these Condensed Consolidated Interim Financial Statements, the significant judgements made by management in applying the Group's accounting policies and key sources of estimation uncertainty were the same as those described in the last annual Consolidated Financial Statements as at and for the year ended 31 December 2024.

#### Intangible assets

Eimskip annually tests whether the carrying amount of intangible assets is impaired. At the end of each reporting period, the Company assesses whether there is any indication of impairment. Management has reviewed the impairment tests performed at year-end 2024. Please refer to note 13 in the Financial Statements of 2024. To date, there is no indication of impairment.

### Impairment loss on trade receivables and finance assets

Eimskip establishes an allowance for impairment that represents its estimate of losses incurred in respect of trade and other receivables and finance assets. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. The collective loss allowance is determined based on historical data of payment statistics for similar financial assets.

# 5. Changes in significant accounting policies

The accounting policies applied in these Condensed Consolidated Interim Financial Statements are the same as those applied in the Group's Consolidated Financial Statements as at and for the year ended 31 December 2024.

At the end of the second quarter of 2025 the Group recognized the ETS units as Intangible assets at their purchase cost. As of 31.12.2024 the difference between purchased units and estimated units to be delivered was included in inventory. The comparison numbers have been updated. Inventories decrease by EUR 0.1 million, Intangible assets increase by EUR 2.8 million and other payables increase by EUR 2.7 million.

# 6. Segment reporting

# Business segments

Eimskip has three reportable segments, as described below, which are Eimskip's strategic business units. The strategic business units offer different products and services in different markets and are managed separately. The segment reporting is based on an internal reporting function of Eimskip. The following summary describes the operations in each of Eimskip's reportable segments:

Liner services include container- and reefer liner services in the North-Atlantic including liner related pre- and on-carriages.

Forwarding services represent sales and services of transportation solutions outside of Eimskip's own operating system.

Logistics and agency services represent trucking & distribution, warehousing, coldstores, and Eimskip's own terminal operation and agency.

## Geographical areas

In presenting information based on geographical segments, segment revenue is presented based on the geographical location of the entity issuing invoices. Non-current assets (fixed assets, right of use assets, intangible assets), which cannot be easily moved (e.g. terminal and cranes) are based on the geographical location of assets. For all other non-current assets geographical location is based on the legal ownership. These assets consist mainly of vessels and containers.

# 8. Earnings per share

## Basic and diluted earnings per share

The calculation of basic earnings per share was based on earnings attributable to shareholders and a weighted average number of shares outstanding during the period. The Company has one category of dilutive potential ordinary shares: share options. For the share options a calculation is made to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price year to date of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued, assuming the exercise of the share options.

# 17. Subsequent events

Eimskip has reached an agreement to sell the vessel Lagarfoss. Lagarfoss was built in 2014 in China and was specifically designed for Eimskip's shipping routes. The vessel has served the Company for over a decade and played a key role in its operations. Since the book value of the vessel exceeds the sale price, Eimskip will record a loss of sale of approximately EUR 3.4 million in the third quarter of 2025. The buyer of Lagarfoss is the company Grupo Sousa, which is located in Madeira, Portugal. The company is the owner of the shipping company GS Lines. GS Lines operates six vessels that provides regular service between mainland Portugal, the Azores, Madeira, Canary Islands, Cape Verde and Guinea-Bissau. The vessel is expected to be delivered to a new owner in Reykjavík, during the period of August to September. The sale is subject to standard conditions.
